

# 4<sup>th</sup> IEEE International Conference on Adaptive Science & Technology

**Theme: Catching Up With Technology**

**Conference Dates:**  
**17–19 December 2011**

**Time:**  
**08:00 to 20:00**

**Conference Location:**  
**KNUST Campus, Kumasi,  
GHANA**

**Contacts:**  
info@icast-conference.org  
+233 (0) 247 935 179

**Web site:**  
<http://icast-conference.org>

**Abstract Submission  
Deadline:**  
**10<sup>th</sup> April 2011**

## Conference Scope:

ICAST 2012 conference is a fully-refereed international conference which uses **double-blind peer-review process** and covers all areas in, but not limited to:

- Students' Workshop
- Information & Communications Technologies (ICT)
- Information Security & Computer Forensics
- Telecommunications
- Cloud, Cluster & Green Computing
- Wireless Communications
- Satellite Communications
- Fiber Optic Communications
- Industrialization & Manufacturing
- Electronics Design
- Computer Networks
- Computer Engineering & Computer Science
- Signal & Image Processing
- Electrical & Electronic Engineering
- Energy (Renewable, Oil, Hydro, Clean Coal & Nuclear)
- eLearning, Distance Education & Innovative Educational Platforms
- eGovernance
- Telemedicine
- Applied Science
- Engineering Management
- Other Areas Related to the Above

## SPONSORS:

IEEE R8  
IEEE Ghana  
IEEE South Africa

The conference proceedings shall be indexed in IEEE xPlore database and other citations and indices.

Each of the above areas is divided into symposia and chaired by a team of experts in the area.  
Selected papers shall be published in special journal issues or/and as chapters of edited books.
